

Public Notice: Information Session Cancellation

The community information session scheduled for Wednesday July 22nd has been cancelled at the request of the developer. The meeting will be rescheduled to a later date, that will be announced as soon as it is provided by the developer.

Representatives from the developer will be available tomorrow, Wednesday, July 22nd from 9am to 3pm at City Hall to meet with you and answer any questions or address any concerns you may have.

We recognize that many residents have questions and concerns regarding the potential data center project being considered for our area. Please know that your engagement is important, and the City remains committed to ensuring that every resident has access to clear, accurate, and timely information. Questions submitted on the city website will receive a response via email and FAQs will be compiled and posted on the City of Lavon website under Public Notices.

Our goal is and will continue to be to provide transparent communication about all development projects that may impact our community. We appreciate your patience as we work to coordinate a new meeting date that allows for a productive and well-informed discussion.

Thank you for your continued involvement and dedication to the future of Lavon.
